Professional Profile

Full Stack Engineer with experience building performant and scalable web applications using React, Node.js, Express, and PostgreSQL. Proficient in both front-end and back-end development, API integration, and UI responsiveness. Passionate about delivering clean, maintainable code and solving real-world problems through technology.

Experience

FULL STACK ENGINEER | TYMLOVA (Formerly Migo Express Nigeria) | MARCH 2025 – PRESENT

- Completed intensive internal training and transitioned into a full-time full stack engineering role.
- Contributed to both frontend and backend tasks across internal and client-facing projects.
- Built responsive, component-based UIs using **React**, **JavaScript**, and **Tailwind CSS**.
- Developed backend features and integrated APIs using **Node.js** and **Express**.
- Ensured all code adhered to performance, SEO, and quality standards.
- Managed tasks independently, using **Git** for version control and timely delivery.

WEB DEVELOPMENT INTERN | CODEALPHA | JANUARY 2025 – APRIL 2025

WEB DEVELOPMENT INTERN | CODSOFT | JANUARY 2025 – FEBRUARY 2025

- Completed project-based internship focused on building responsive user interfaces.
- Developed mini web applications using **HTML**, **CSS**, **JavaScript**, and **React**.
- Improved component structure and UI consistency across projects.
- Strengthened skills in Git, responsive design, and basic state management.

GRAPHIC DESIGNER & DIGITAL SERVICES ASSISTANT | TOTAL SUCCESS IMPRESSA | JANUARY 2023 – SEPTEMBER 2024

- Used **Microsoft Office packages** (Word, Excel, PowerPoint) to handle a variety of customer needs including document typing, formatting, editing, and printing.
- Designed custom graphics such as **flyers**, **banners**, **business cards**, and ID cards using tools like **CorelDRAW** and **Photoshop**.
- Operated and maintained equipment including **printers**, **laptops**, **scanners**, **lamination**, and **photocopy machines** to deliver timely and accurate services.
- Assisted customers with everyday tech-related tasks, offering guidance and ensuring quality service in a busy cyber cafe environment.

Education

DIPLOMA IN COMPUTER SCIENCE (SOFTWARE ENGINEERING) | ALTSCHOOL AFRICA | MAY 2025

SENIOR SECONDARY CERTIFICATE EXAMINATION (WAEC & NECO) | FREMAR COLLEGE | 2022

Technical Skills

Front-End Development

- Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript
- Frameworks/Libraries: React.js (with Redux, Context API, etc.), Next.js, Vue.js (Vuex, Pinia, Nuxt.js), jQuery
- Styling & UI: Tailwind CSS, Bootstrap, Material UI (MUI), Chakra UI, Styled-Components, Sass/SCSS, Figma to Code Integration

Back-End Development

- Languages: Node.js (JavaScript/TypeScript), Python (Flask, Django, FastAPI), PHP (Laravel)
- Frameworks/Tools: Express.js (Node.js), NestJS (Node.js/TypeScript), Django REST Framework

Databases

- SQL Databases: PostgreSQL, MySQL / MariaDB
- NoSQL Databases: MongoDB, Firebase Realtime DB / Firestore
- **Cloud Platforms & Hosting:** AWS (EC2, S3, RDS, Lambda), Google Cloud Platform (GCP), Microsoft Azure, Firebase Hosting / Functions, Heroku, Vercel, Netlify, Render, DigitalOcean
- **Testing Tools & Frameworks:** Jest (JavaScript), React Testing Library, Cypress (E2E), Supertest (Node.js),
- **Authentication & Security:** OAuth 2.0 / OpenID Connect, JWT (JSON Web Tokens), Passport.js, Auth0, Firebase Auth, Rate limiting / CORS / Helmet
- **Package Managers:** npm, yarn, pnpm, pip (Python), Composer (PHP)
- **Version Control & Collaboration:** Git, GitHub / GitLab / Bitbucket, Git CLI (branching, rebasing, merge, stash), Git Flow
- **API Technologies:** RESTful APIs, GraphQL, WebSockets, JSON / XML, Swagger / OpenAPI
- **Build Tools / Task Runners:** Webpack, Vite, Parcel, Babel, Gulp,
- **CMS & Platforms:** WordPress
- **Progressive Web Apps (PWA):** Service Workers, IndexedDB, Manifest.json, Workbox
- **IDE & Developer Tools:** VS Code, Chrome DevTools, Postman
- **Other Tools & Technologies:** Redux Toolkit, Zustand / Jotai / Recoil, TypeORM / Sequelize / Mongoose, Zod / Yup (validation), ESLint / Prettier
- **Soft Skills:** Agile / Scrum methodologies, Team collaboration (Slack, Discord), Problem-solving and debugging, Time management, Communication

Certificates

- Certificate Internship Certificate of Completion – CodSoft
 - Career Essentials in Software Development by Microsoft and LinkedIn – LinkedIn
 - The Front-End Career Developer Path – Scrimba
 - Certificate of Participation – Unstop Talent Park 2025
 - Jobberman Soft Skills Training Certificate of Achievement - Jobberman Learning
